

PENDANT SERIES

Security Lighting has developed a complete line of decorative custom pendant lighting in multiple shapes, sizes and colors to provide maximum design flexibility for today's enhanced seating and décor packages. The shades are designed using long life, cleanable "fabric look" materials that are well suited for demanding restaurant environments. Shade designs are translucent for a glowing effect except when ordered with optional graphic or colored interiors. Please contact Security Lighting for other custom shapes, sizes or colors.

Now available in LED! See source information below.
